Protection You Can Count On

While your Rheem equipment is incredibly dependable and covered by an outstanding warranty, you can extend your warranty coverage with Protection Plus® extended service protection. Then you can relax and enjoy the comfort of your Rheem Furnace—without worrying about the cost of parts or labor for unexpected repairs. Ask your contractor about the variety of Protection Plus plans now available. For more information, call 1-877-276-4294 or visit www.protectionplusonline.com.

KwikComfort® Financing

Ask your Rheem contractor about KwikComfort® Financing, the easy and convenient way to finance everything associated with your Rheem equipment—your original equipment, all subsequent service, Protection Plus® extended service protection, and even the comfort options you might choose to add later.

Outstanding Limited Warranty

Rheem supports its furnace equipment with strong limited warranties and dependable, professional service. All parts are covered by a ten-year limited parts warranty, and a limited lifetime Heat Exchanger Warranty is applicable on all models. In addition, a conditional Limited Lifetime Replacement Warranty applies to RGGE or RGF models for Rheem to provide a replacement RGGE or RGF Gas Furnace to the original purchaser if the heat exchanger fails during the lifetime of the unit. See our Prestige Series™ Limited Warranty Card for more details.

ENERGY STAR® Compliant

For energy conservation and clean air, choose a Rheem high-efficiency furnace. You could save between 15% and 40% on your utility bills (depending on the age of your existing equipment), and help the environment in the process. Utility companies may offer rebates when you purchase high-efficiency heating and cooling equipment. Call your local utility company for more information.
The Furnace for Everyone and Every Part of the Home

- At the thermostat, air temperature can be maintained within one-half degree of the desired setting. Everyone is comfortable.
- The very low-speed continuous fan modeminimizes hot or coldspots, maintaining a uniform temperature while it constantly filters the air to help you keep your home cleaner.
- With the touch of a button on the Rheem High-Definition Communicating Thermostat, you can program the desired temperature settings to meet your changing heating requirementsthroughout the day, and even check the outside air temperature.
- The compact size of the furnace allows greater installation flexibility and supports the easy addition of an electronic air cleaner and humidifier.
- Your family will save money on energy bills because this patented Rheem technology provides energy efficiency, which adds up to a lifetime of savings.

Peace and Quiet. A vital part of your comfort is peace and quiet. And this is where the quiet operation of the Rheem Prestige Series™ 90 Plus Modulating Gas Furnace equipped with the Comfort Control® System™ pays real dividends.

The Rheem Prestige Series™ 90 Plus Modulating Gas Furnace equipped with the Comfort Control® System™ operates at just above a whisper, far more quietly than a conventional furnace.

How It’s Different and Why It’s Better.

While the Rheem Prestige Series™ 90 Plus Modulating Gas Furnace equipped with the Comfort Control® System™ is a highly sophisticated heating product, the concept behind it is quite simple.

A conventional furnace is either “off” or “on” at 100% capacity depending on the demand for heat. Thus, the temperature in your home goes up and down, varying as much as five degrees, while the furnace cycles.

The Rheem Prestige Series™ 90 Plus Modulating Gas Furnace equipped with the Comfort Control® System™ is seldom “off” and seldom “on” at 100%. Your Rheem Prestige Series™ 90 Plus Modulating Gas Furnace equipped with the Comfort Control® System™ is so quiet, you may never know it’s on. And it’s so frugal with both gas and electricity, that it has perhaps the highest overall efficiency* of any furnace.

Life is determined by the choices we make. And, the choices you’ve made have made all the difference.

When you choose Rheem Prestige Series™, you’re buying the best there is. A home comfort system designed to delight and satisfy.

Peace and Quiet. A vital part of your comfort is peace and quiet. And this is where the quiet operation of the Rheem Prestige Series™ 90 Plus Modulating Gas Furnace equipped with the Comfort Control² System™ pays real dividends.

The Rheem Prestige Series™ 90 Plus Modulating Gas Furnace equipped with the Comfort Control² System™ operates at just above a whisper, far more quietly than a conventional furnace.

How It’s Different and Why It’s Better.

While the Rheem Prestige Series™ 90 Plus Modulating Gas Furnace equipped with the Comfort Control² System™ is a highly sophisticated heating product, the concept behind it is quite simple.

A conventional furnace is either "off" or "on" at 100% capacity depending on the demand for heat. Thus, the temperature in your home goes up and down, varying as much as five degrees, while the furnace cycles.

The Rheem Prestige Series™ 90 Plus Modulating Gas Furnace equipped with the Comfort Control² System™ is seldom "off" and seldom "on" at 100%. Your Rheem Prestige Series™ 90 Plus Modulating Gas Furnace equipped with the Comfort Control² System™ is so quiet, you may never know it’s on. And it’s so frugal with both gas and electricity, that it has perhaps the highest overall efficiency* of any furnace.

Comfort Control² System™ Features and Benefits

The Comfort Control² System provides:

- **On-Board Diagnostics** - The Rheem dual 7-Segment LED Display on the control board quickly and accurately shows your contractor the source of system malfunctions. This feature aids the contractor in servicing or repairing your unit, saving you time and money.
- **Fault Recall** - Even if there is a power failure, this feature will retain the system’s "operation history" and will display it on the control board for quick and easy viewing during service calls.
- **Increased Dependability** - The thermostat communication capability can alert you to any necessary service requirements, giving you peace of mind that your home comfort is guaranteed.

* This furnace has a superb A.F.U.E. rating of 92% or greater. However, A.F.U.E. considers only gas and not electricity consumption. The electrical savings of this furnace are substantial when compared to a conventional 90 plus furnace design. Ask your contractor for an estimate of savings in your area.
Protection You Can Count On

While your Rheem equipment is incredibly dependable and covered by an outstanding warranty, you can extend your warranty coverage with Protection Plus® extended service protection. Then you can relax and enjoy the comfort of your Rheem Furnace — without worrying about the cost of parts or labor for unexpected repairs. Ask your contractor about the variety of Protection Plus plans now available. For more information, call 1-877-276-4294 or visit www.protectionplusonline.com.

KwikComfort® Financing
